THE TIMES.

WEDNESDAY, AUG. 8, 1906.

FARMVILLE.

We miss from our circles the teachers and scholars of the summer school. The teaching body was composed of men and women of real culture and of genuine social gifts. Those who came to learn were diligent and at the same time mingled social diversions with their duties. We hope to have them again next summer.

While the farmers are complaining of want of rain. Our housekeepers are rejoicing in full supplies of garden products. The roasting ears were never larger nor Brunswick stews were never richer nor better.

The Presbyterians are occupying their renovated house of worship and it is a thing of beauty. The place for the pipe organ is still vacant but when that has been filled there will be pleasing harmony pervading the whole structure.

Th- Methodists will use the Episcopal church for their services during the month of August and this is commented on as a beautiful act of christian courtesy. "Distinct as the billows but one as the sea."

Prof. L. L. Holladay, of the University of Virginia, has been here for some weeks drinking our lithia water with gratifying results.

Mrs. Judge Flournoy, of Washington, D. C., is here for the month of August.

The street leading from the N. & W. depot to the Tidewater & Western is occupied exclusively by colored folks and their name is legion. About sundown of these summer days young children pass out of the wooden structure as ants from their hiding places. Not long ago a passenger returning from the depot, being impressed with the large number of little negroes playing on the side walk, ventured to ask an aged colored woman as to the number of children on that square to which she said, "I don't know how many dar is of dem, but I do know dat I have 24 children and my old man 22." Mr. Roosevelt would hardly detect any semblance of race-suicide on this square

Mr. W. H. Richardson, who has suffered well nigh the loss of the sight of both eyes, is now consulting a specialist of Des Moines, and inaulges some hope of relief. This host of friends would rejoice in his restoration to full sight.

Dr. Jarman now occupies the renovated Cunningham mansion, one of the most desirable in all this section

It is announced that Mrs. Morrison will not stand for re-election as matron of the State Female Normal school, and universal regret is expressed at her decision.

The Board of Supervisors of Prince Edward have agreed to invest $1500 in an historical and county exhibit at the Jamestown Exposition. The details of the program are yet to be arranged. Let Appomattox go and do likewise.

Great interest is being felt in the building of the Virginia railway from Rooney to Farmville and thence on to the Tidewater and Southern. It would mean much for Farmville and all this section of Virginia.

Maj. A. R. Venable is now shipping 60 gallons of cream a day and is looking for orders to increase it to 100 a day. I never saw his cows looking so well and the prospect is that his silo during the winter will burst with plenty.

Fears are entertained by the friends of Hampden Sidney that Prof. J. R. Thornton may accept the chair which has been offered him in the University of West Virginia.

Miss Reynolds, who for sixteen years was a member of our Normal faculty, has been on a visit to friends in town.

The water melons from our home fields are not big yet but prices are.

Land buyers from different sections have been with us of late, but they want to see the "earth" before buying any part thereof.

Miss Mary P. Berkeley, who taught in the Winchester Summer Normal, is at home again.

The Misses Mary and Lelia Jackson and Rosa Williams, after a delightful visit to Arvonia, are at home again.

Prof. Dahl, who was principal of our High School last session, has taken a business position with Messrs. Duvall & Son.

Zimmerman Bros. are 'live' livery-men.

Mr. A. E. Cralle and mother are at the Rawley Springs.

Mr. R. B. Tuggle, who has been spending his vacation in town, is on the road again.

Dr. Tom Armstead, of Roanoke, has been on a visit to his parents.

Now and then rumor has it that the post office fight is 'on' but quiet pervades the place. Mr. Bugg's term expires next January. The salary is now $2000 a year and the job is no mean one.

Rev. Mr. Macfarland, of the Baptist church, preached an excellent sermon last Sunday night, at the Presbyterian church, on the subject of 'Christian Unity.' Rev. Mr. Graham, pastor of the Presbyterian church, will be absent on a vacation for the month of August.

Our dispensary sold during the past six months "booze" to the amount of $34,295 and made a profit of $10,406.02. Of this $8000 has been divided, the town receiving $5000, the district $2000 and the State $1000. The "stuff" is always a money-maker.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chr nic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes.

A cry has arisen in Atlanta for Jerome and Folk as the next Democratic candidates for President and Vice president. If the tickets were reversed much might be said for it. Even then it would be a shame to have a great statesman like Folk mix with such a lump of hot-air and shams.

A Guaranteed Cure for Piles.

Itching, blind, bleeding, protruding piles druggists are authorized to refund money if Pazo Ointment fails to cure in 6 to 14 days.

When Mrs. Leslie Carter is hard up for more advertising, she may back out of the matrimonial harness again.

Given up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and woorry. I lost flesh and was all run down, and a year ago had to abondon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recomended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

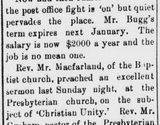
L. E. Smith, Appomattox; W. B. Woodson, Concord; W. C. Nowlin, Spout Springs.

Maybe that chap that wants to get in jail and can't, has a mother-in-law or something equally as terrible.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.



What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, Home of Swamp-Root, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

If you would reach the homes of the people in Southside Virginia, especially Appomattox and Buckingham counties, place your advertisement in this paper.

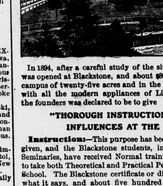
THE BLACKSTONE SCHOOL FOR GIRLS



In 1894, after a careful study of the situation, a Christian Training School was opened at Blackstone, and about $60,000 has been expended in the purchase of the campus of twenty-five acres and in the erection of a massive brick building equipped with all the modern appliances of Lighting, Heating, Sanitation. The power which the founders was declared to be to give

"THOROUGH INSTRUCTION UNDER POSITIVE CHRISTIAN INFLUENCES AT THE LOWEST POSSIBLE COST."

Instruction—This purpose has been carried out. Thorough instruction has been given, and the Blackstone students, in addition to the regular instruction in the Seminaries, have received Normal training, all applicants for diplomas being required to take both Theoretical and Practical Pedagogy, including actual teaching in the School. The Blackstone certificate or diploma is recognized by education as meaning what it says, and about five hundred teachers have shown the practical results of the work of the school.

Characters—But at Blackstone, character is regarded as the student's most important possession, and boarding school life is known to be a critical time in the formation of character. The greatest aim of the faculty is to direct and stimulate the formation of the character of the students committed to their care. Direct contact of the principal with the teacher is one of the greatest benefits of the school life, and hence the principal is at Blackston all live in the building with the girls, and meet them not only in the class-room, but in every relation of the school life. The atmosphere of the school is wholesome, inspiring, and uplifting, and the influences are positively Christian.

Costs—The cost is less than at any other school in the State of equal grade. The hundred and fifty dollars ($150) per session pays for Board, Laundry, Medical Attendance and Tuition in all departments except Music and Elocution, which subjects are extra. For correspondence, low rates. That is near the same rate from the beginning to the end of the student body sufficiently large to give to parents the benefit of low rates for the best instruction, but not too large for the Principal and his helpers to know each pupil personally and to give her individual care. The rest is the best that has been attained. If you want your daughter to have *thorough instruction under positive Christian influences at the lowest possible cost*, write for catalogue to

JAMES CANNON, Jr., A. M., Blackstone, Va.

For the next session, twenty scholarships, worth $75.00 each, will be given to young ladies who are unable to meet the full expenses of the school, but who are sincerely anxious for an education to be willing to assist the housekeeper in the dining-room.

OXYDONOR

Obviates the use of poisonous drugs. It renders the entire system so naturally healthy that disease can find no lurking place. It rids the organism of disease, and at any reasonable stage effects a rapid, natural cure, regardless of the gravity or form of the disorder. Oxydonor compels the free absorption of oxygen through the lungs, which purifies the whole body, increases the vitality embraces or skin. It strengthens the nerves, induces sound sleep and good appetite. OXYDONOR, in short, IS LIFE. It is an instrument of simplest form; its cost is not great, and with care it lasts a lifetime. It is made ready for self-treatment by anyone. Thousands of families depend upon this superior method for good health. Descriptive book, containing many grateful reports from those who have cured themselves, mailed free to anyone.

INTERESTING STORIES ABOUT HOME FOLKS

Our Correspondents Relate the News of the County.

Stapleton.

On August 8th, death again visited our vicinity and took one of its fairest and best loved jewels, the victim being Mary, the seventeen year old daughter of Lucy and Thomas Drinkard. Her death came as a shock to the whole community, as she was not thought to be seriously ill, and had been in bed only one week with typhoid fever. She was laid to rest in the family burying ground beside her grandmother, who had preceded her only a few short months. The white casket in which her body reposes is emblematic of the pure life which she lived. Her pastor, Rev. J. C. Davidson officiated at the grave and baed his remarks on those appropriate words, "She is not dead but sleepeth." The pall bearers were Claude Drinkard, Henry Routon, Clarence Drinkard, Melvin Stratton, Alvin Drinkard and Wertley Taylor. The flower guris were her first cousins, being Annie Drinkard, Mary Stratton Alma Drinkard, Etta Drinkard, Brenda Wright and Annie Drinkard. While the grave was being filled Dr. R. C. Whitehead, John Alvis, Albert Stratton and Sterling Scruggs softly sang "Some Sweet Day Bye and Bye." So deep was the grief of the whole neighborhood there was scarcely a dry eye seen in the large crowd which had assembled to pay the last sad tribute to one they had loved so well, for to know her was to love her. It is hard to give her up, but God in His infinite wisdom knows what is best. May the bereaved ones look to God, who alone can give comfort to the sorrowing heart and may they pray to Him for strength to say "not my will but thine O Lord be done."

Miss Irvine Moore of Stony Bottom, W. Va., is the guest of her uncle, W. E. Moore, of Beckham.

Miss Mittie Foster of Gladys is visiting Miss Lillian Cawthorn near here.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear the kidneys will strengthen and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure.

Christiansburg.

Situated on the summit of the mighty Alleghanies, 2100 feet above the sea is the very modest little town of Christiansburg. It is the county seat of Montgomery county, contains a population of perhaps 2000. It is quite a summer resort, people from far and near come to this little town to escape the scorching, summer heat and the streets are lined with nice shade trees. We have electric lights to scatter the evening shadows. This town has never had a boom, but it steadily grows onward. There is under erection now a $10,000 school building, which is to be equipped with modern improvements. We have two banks, which do a large business, and the depot does more business than any Depot west of Roanoke. The question arises why? Easily answered—it is the hub to the wheel for miles and miles, the country merchants get their freight. There are two large leaf houses that supply the rural districts. It is but justice to say that one of Appomattox's boys, Mr. Alex. V. Hancock, has the largest stock of hardware in southwest Virginia, and is doing an enormous business, both wholesale and retail. This town has two furniture stores, four lumber plants two drug stores, a number dry goods and grocery stores. All of these bring trad and trade is what makes any town.

Mrs. Alex. Hancock has returned from the Yelow Sulphur Springs.

Mr. Martin Hancock has returned to Christiansburg after a very successful fish near Cowan's Mill.
